

**Notice of Public Hearing Regarding
Proposed Solid Waste Rate Adjustment**

Residential, Multi-Family, and Commercial Property Owners and Tenants - Customers:

This notice is intended to inform you that the City of San Luis Obispo (the “City”) will hold a public hearing regarding rate adjustments (the “Proposed Rate Adjustment”) proposed by San Luis Garbage Company (the “Garbage Company”) for properties and customers receiving solid waste, recycling, and organics services within the City. The Proposed Rate Adjustment will be considered by the San Luis Obispo City Council at the date, time, and location specified below. Consistent with the requirements of Proposition 218, this notice also provides you with the following information:

- The Amount of the Proposed Rate Adjustment;
- The Effective Date of the Rate Adjustment;
- The Date, Time, and Place of the Public Hearing;
- The Majority Protest Procedures;
- The Reason for the Proposed Rate Adjustment; and
- The Basis for the Proposed Rate Adjustment.

NOTICE OF PUBLIC HEARING

The Public Hearing for the Proposed Rate Adjustment within the City limits will be held on:

Date: March 18, 2025 **Time:** 5:30 p.m.
Place: San Luis Obispo City Hall, 990 Palm Street, San Luis Obispo, CA

At the Public Hearing, the City Council will consider all public comment in support of and in opposition to the Proposed Rate Adjustment and whether or not a Majority Protest exists pursuant to the California Constitution (as described below).

If approved, the Proposed 2025 Rate Adjustment would become effective on March 19, 2025, and annual adjustments would be effective each January 1 of 2026, 2027, 2028 and 2029.

Reason For and Basis of the Proposed Rate Adjustments

The Proposed Rate Adjustment for 2025 is based on the Garbage Company’s documented cost of providing solid waste services and is a 7.98% increase above current solid waste rates. This cost-based adjustment is necessary for the Garbage Company to continue to provide safe, environmentally sound and reliable solid waste removal, transportation and disposal services to the residents and businesses of the City. The adjustments are requested due to:

- Increases in organics processing costs – Third-party costs for the organic waste post-collection processing facility operated by Kanadevia Inova Anaerobic Digestion Facility, formerly Hitachi Zosen INOVA, have doubled since 2022. The change in cost is the result of changes in facility capital and operating costs.

- Increases in landfill disposal costs – Related party costs charged to the customer for landfill waste disposal at Cold Canyon Landfill have remained the same since 2016. The 2025 rate adjustment reflects a market adjustment to these costs, from a per ton tipping fee of \$41 per ton (in place since 2016) to a per ton tipping fee of \$70. The Garbage Company provided market comparison demonstrating the applicability of the \$70 per ton market tipping fee.
- Collection costs including labor, vehicles, operating expenses and overhead – These costs are increasing by 4.22% in 2025.
- Adjustments necessary for moving to a new methodology for annual rate adjustments that provides for increased rate stability, predictability, fairness, transparency, ease of administration, and cost-effectiveness. These include updated depreciation lifespans for solid waste collection vehicles, change to the limitation on corporate overhead costs for legal, tax, payroll, human resources, engineering, compliance, IT, training and recruiting programs, and updated profit allowance (to 9% of projected collection service costs in 2025, approximately 5% of overall costs) in-keeping with industry standards.
- Adjustments for new service enhancements, including the ability for residents to exchange a collection cart once annually at no additional cost, a few no cost bulky/large item collections, and a Customer Assistance Program providing a 20% low-income discount provided to residential customers using 20, 32, or 64-gallon cart service (using existing City practices to determine eligibility).

Beginning March 19, 2025, commercial customers enrolled in recycling bin service collection once and twice a week will begin paying for the service at 25% of the correlating trash bin service level rate.

The Proposed Rate Adjustments for 2025 applicable to residential solid waste customers are shown in the table below.

Garbage Container Size	2024	Change in Monthly Rate	2025
20-gallon	\$14.74	\$1.18	\$15.92
32-gallon	\$23.53	\$1.88	\$25.41
64-gallon	\$47.05	\$3.75	\$50.80
96-gallon	\$70.60	\$5.63	\$76.23

In addition, commencing each January 1 of 2026, 2027, 2028 and 2029 solid waste rates will be adjusted based on the following:

- Annual change in the Bureau of Labor Statistics’ Consumer Price Index (CPI) for Garbage and Trash Collection in the U.S all city average, with a minimum 2% adjustment and a maximum 5% adjustment. Amounts below the minimum or above the maximum will carry forward to the following year.
- Calculation of a 10% profit allowance on projected collection service costs (increased from 9% in 2025, and approximately 5.5% of overall costs) to the Garbage Company starting in 2026 (estimated at an additional 0.67% to 0.69% adjustment in 2026).

- Addition of a revenue balancing mechanism starting in 2027, wherein actual revenues from solid waste rates over or under projections carry forward as additions to, or offsets against, the annual CPI adjustment.
- The rate adjustment for January 1, 2026, is not expected to exceed 8% and rate adjustments for January 1, 2027, 2028 and 2029 are not expected to exceed 7%.

The Proposed Rate Adjustments have been independently reviewed for consistency with the City of San Luis Obispo Rate Setting Process and Methodology Manual for Integrated Solid Waste Management dated June 1994 and in accordance with the provisions of the City's Franchise Agreement with the Garbage Company, as amended, governing solid waste service within the boundaries of the City. The Proposed Rate Adjustments contemplate implementation of a new methodology for annual rate adjustments which is described in the New Solid Waste Rate Adjustment Methodology and 2025 Rates report authored by independent reviewer, R3 Consulting Group, Inc. The consultant's report and the complete set of proposed 2025 solid waste rates is available at the City Clerk's office located at 990 Palm Street, San Luis Obispo, California. The complete set of proposed 2025 rates is also available online at sanluisgarbage.com.

How Do I Protest the Proposed Rate Adjustments?

Pursuant to Section 6 of Article XIII D of the California Constitution, the following persons may submit a written protest against the Proposed Rate Adjustments to the City Clerk before the close of the Public Hearing referenced above.

- An owner(s) of property (parcel(s)) receiving solid waste, recycling, and organics services within the City limits. If the person(s) signing the protest, as an owner, is not shown on the last equalized assessment roll as the owner of the parcel(s) then the protest must contain or be accompanied by written evidence that such person signing the protest is the owner of the parcel(s) receiving services;

or

- A tenant(s) whose name appears on the Garbage Company's records as the customer of record for the corresponding parcel receiving solid waste, recycling, and organics services within the City limits (tenant-customer).

A valid written protest must contain a statement that you protest the Proposed Rate Adjustments, the address or Assessor's Parcel Number (APN) of the parcel or parcels which receive solid waste, recycling, and organics services, and a signature by either the owner or the tenant-customer of the parcel or parcels. One written protest per parcel shall be counted in calculating a majority protest to the Proposed Rate Adjustments subject to the requirements of Section 6 of Article XIII D of the California Constitution. Written protests will not be accepted by e-mail or by facsimile. Verbal protests will not be counted in determining the existence of a majority protest. To be counted, a protest must be received in writing by the City Clerk before the close of the Public Hearing referenced above.

Written protests regarding the solid waste rate Adjustment may be mailed to:

**City of San Luis Obispo
Attn: City Clerk
990 Palm Street
San Luis Obispo, CA 93401-3249**

Written protests may also be personally delivered to the City Clerk at San Luis Obispo City Hall located at 990 Palm Street, San Luis Obispo, California, 93401.

If valid written protests are presented by a majority of owners and/or tenants-customers of parcels receiving solid waste, recycling, and organics services within the City limits, then the City will not adjust the rates for the services.

Questions can also be directed to San Luis Garbage by calling (805) 543-0875.

An informational session has been coordinated to allow the opportunity for the public to learn and ask questions about the proposed rate adjustment on a date prior to the public hearing.

Informational Session

Date: February 26, 2025

Time: Doors open at 5:00 p.m., brief presentation at 5:30 p.m.

Location: Ludwick Community Center

864 Santa Rosa Street

San Luis Obispo, CA 93401

ADDITIONAL INFORMATION - RESIDENTIAL CUSTOMERS

1. For Temporary Bins or Rolloff Box services, please call the office for current rates.

2. Polystyrene (Styrofoam, Plastic #6) and soft plastics (plastic bags/films) are not accepted in the mixed recycling program and must be disposed as trash. Mixed recycle in plastic bags will be tagged for contamination.

3. Trash, Recycle, and organics carts should be placed next to one another for collection.

4. BULKY/LARGE ITEM COLLECTION:

- Single-Family customers may schedule one (1) large/bulky item collection throughout the year at no additional charge and schedule one (1) large/bulky item pickup during each Clean Up Week at no additional charge. Additional pickups scheduled during Clean Up Week will be charged at a discounted rate.

- Multi-Family customers may schedule up to four (4) large/bulky item collections throughout the year at no additional charge and schedule up to four (4) large/bulky item pickups during each Clean Up Week at no additional charge. Additional pickups scheduled during Clean Up Week will be charged at a discounted rate.

*Clean Up Week is held two times per year in the spring and fall.

5. Low-income residential customers may be eligible for a 20% discount off of the garbage rate. To check eligibility, visit slocity.org/recycle or call the City of San Luis Obispo at (805) 781-7215.

6. Late Fees are imposed for residential customers over 30 days delinquent. The fee is 1.5% per month of the outstanding charge, with a minimum fee of \$5.00. No prior notice is required, as this late fee policy is stated at the bottom of every bill.

7. Any additional recycling services are charged at a 75% discount of the garbage rate for the equivalent container size and frequency.

8. The fee schedule above only includes the Garbage Company rates and does not include IWMA fees, which are separately noted on the billings.

9. It is encouraged to bag your trash in the garbage container, but do not bag your recyclables or organic materials in their respective carts. Keep items loose.

COMMERCIAL

Commercial customers must use trash carts from San Luis Garbage. The bundled commercial cart rate includes weekly pickup of one trash cart (black or gray lid), one organics cart (green lid), and one recycling cart (blue lid), including the same level of service at no additional charge. Additional recycling or organic cart pickups are available at a **75% discount** off the trash cart rate for the specified service level.

ADDITIONAL INFORMATION - COMMERCIAL CUSTOMERS			
1. Polystyrene (Styrofoam, Plastic #6) is no longer collected for recycling and should be thrown away as trash.			
2. Organics is recycled in a special green waste wheeler and is picked up once a week at no additional charge.			
3. All commercial customers are eligible for one standard recycling cart and one organics cart at no additional charge. Commercial customers can choose from a 32, a 64, or a 96 gallon blue cart for commingled recycling.			
4. Recycling and organics containers should be placed near/next to the garbage container for collection.			
5. White office paper can be commingled with the other recyclables in the blue container.			
6. Shredded paper can be placed in a knotted, clear bag and put in the recycling container (no other plastic bags are permitted).			
7. Customers requesting Temporary Bins or Rolloff boxes service can call the office for current rates.			
8. The fee schedule above only includes the Garbage Company rates and does not include IWMA fees, which are separately noted on the billings.			
9. It is encouraged to bag your trash in the garbage container, but do not bag your recyclables or organic materials in their respective containers. Keep items loose.			
10. Late Fees are imposed for commercial customers over 30 days delinquent. The fee is 1.5% per month of the outstanding charge, with a minimum fee of \$5.00. No prior notice is required, as this late fee policy is stated at the bottom of every bill.
